DIV. OF OIL, GAS & MINING

Form MR-REV-att (DOGM - Revise/Amend Change Form)
(Revised September 14, 2005)

Application for Mineral Mine Plan Revision or Amendment

Operator: <u>Granite Construction Company</u>	
Mine Name: <u>Morgan Facility</u>	File Number: <u>M/ 029 / 0008</u>

Provide a detailed listing of all changes to the mining and reclamation plan that will be required as a result of this change. Individually list all maps and drawings that are to be added, replaced, or removed from the plan. Include changes of the table of contents, section of the plan, pages, or other information as needed to specifically locate, identify and revise or amend the existing Mining and Reclamation Plan. **Include page, section and drawing numbers as part of the description.**

Subject: No Stream Alteration Permit Required for Morgan Aggregate Facility on Metz Hollow near Morgan.

Chris,
Even though this is on a named feature called Metz Hollow, I have looked at the aerials and even a defined bed and bank are hard to distinguish, let alone any vegetation markers. Therefore, no Stream Alteration Permit will be required. The Corps may have requirements though. They can be contacted at 801-295-8380.

Daren,

Thanks for taking my call this morning. The UTM Coordinates for this facility are: 444,590m Easting 4,544,383m Northing.

Please send me your evaluation for possible stream alteration permits.

Thanks,

Chris Faulhaber
